

Me and My House

At Roosevelt your House is truly your home. You are grouped with students of all three grades and you all work with your advisor who will be your guide, mentor, instructor, and your shoulder to cry on. Who are these people you are working with and what exactly do you all do together? Is your House crazy and silly or do you take things more seriously in House. In this section you will take a good look at what it means to be in a House and also what your House is into.

1. **Advisor Profile** – Okay, your advisor is your main person here at Roosevelt, but who the heck are they? What makes them tick and why do they run House the way they do? In this activity you will look to get to know your advisor more as a person and not just the person who runs Study Hall.
2. **Housemates Profile** – No person can truly make it alone. You spend time nearly each day here at RMS with the students in your House and you do many activities to get to know them but who are they truly? In this activity you will look to get to know some people in house on a deeper level and strengthen the relationships you have.
3. **Post Rad Walk Activity** – What is RAD and why is everyone dressed so strangely? In this activity you will think about what your House did, why, and what good came from it.
4. **Post Food Drive Activity** – Winter has the longest nights and shortest daylight hours of any part of the year. We often think about how we can cheer each other up in these darker times. Food is more than just nourishment it is community, culture and comfort and our food drive is when we purposefully give so others may benefit. In this activity you will think about how you gave and how you view need in our community.
5. **As The Year Ends** – A wise person once said, “In life it seems that the days go by slow but the years go past fast”. Throughout this year you have learned much more about your House and strengthened relationships with your Housemates. In this activity you will take a look back at House this year and hopefully remember some events that make you smile.
6. **What Are We Like As A House?** – One of the greatest thing about House here at RMS is that each one has a totally different feel. When people come together in a group they have an impact on each other as they grow closer. What is your House like? What type of things to you celebrate in House and how do you celebrate them? Do you have any traditions that you wait for each year? In this activity you will do your best to convey the feel of what it is like to be in your House.
