Roosevelt Middle School

April 17, 2018

Dear Roosevelt Middle School Eighth Grade Student & Parent/Guardian,

As you are wrapping up your middle school career, South Eugene High School is eagerly looking forward to welcoming the incoming class of freshman students next fall. The transition to high school is an important time, as research shows that students' performance during freshman year is a strong indicator of how they will do throughout the remainder of high school.

You are being invited to attend the 1-week Summer Bridge program that is being offered at the South Eugene High School campus. Summer Bridge is a Eugene School District 4J program offered at each of the 4J high school campuses to help ensure a smooth and successful transition for incoming freshmen. There is no cost to the family, and morning snacks and lunch will be served free of charge to all participating students. Bus passes will be available. The Summer Bridge program will run August 6-10, 9:00 a.m. - 3:00 p.m.

- Summer Bridge for Incoming Freshmen: August 6-10, at the SEHS Campus
- Morning snacks and lunch provided
- Cost: The program is being offered at no cost to families
- Bus passes available (check the appropriate box on the registration form)
- Return completed registration form (enclosed) to your middle school office by May 25, 2018

Summer Bridge is a fun and engaging program with a focus on team-building, creative problem solving and developing strong decision-making skills. Students will develop connections with high school staff members and have the opportunity to meet new friends while having the chance to explore their new high school.

We strongly encourage you to participate in the Summer Bridge program at SEHS. The selection process for Summer Bridge will take into account the order in which applications were received.

Please feel free to contact me if you have any questions about the Summer Bridge program.

Sincerely,

Mike Yocum
Assistant Principal
