

Quick correction to our tech information in the update for next week:

Instead of the support site and number we sent out, please use the resources on the home screen of your student iPad.

In the iPad dock, use the quick link to the student technology support website by tapping on the "Submit a Ticket" icon. It will take you to: <https://technologysupport.4j.lane.edu/>

You can also email [sts@4j.lane.edu](mailto:sts@4j.lane.edu) or call 541.790.7770.
